

SOLE & VÉRO 369™

We believe you deserve the only best.

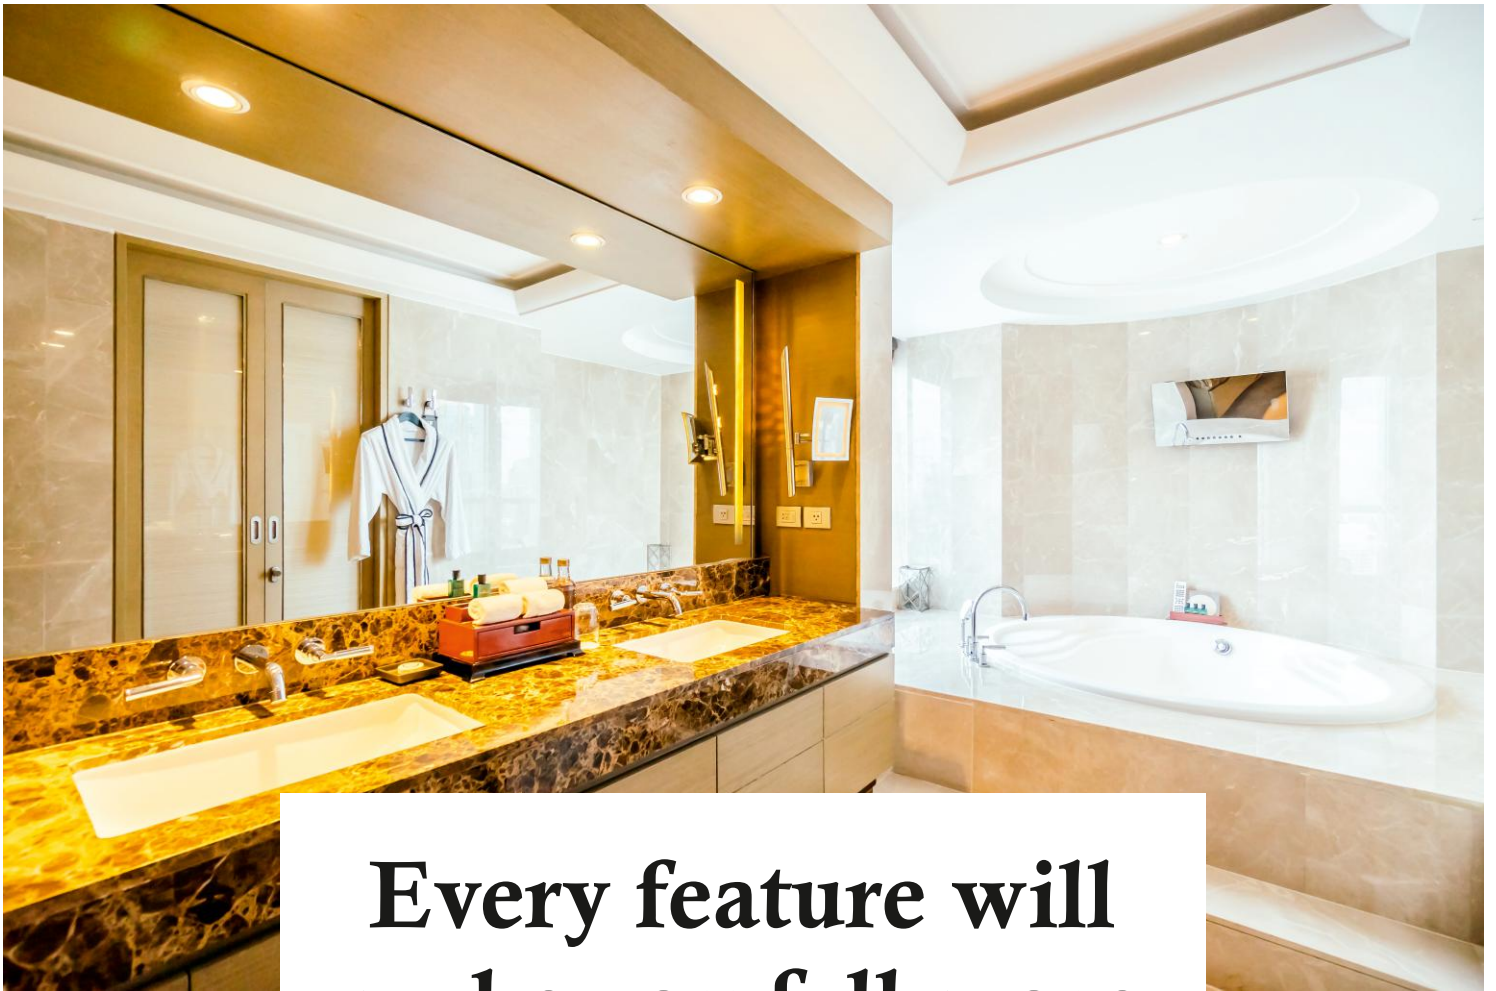

Sole & Véro is a high-end faucet brand that is known for its sleek and sophisticated designs. The brand prides itself on creating products that are not only functional but also aesthetically pleasing, making them the perfect addition to any modern bathroom or kitchen.

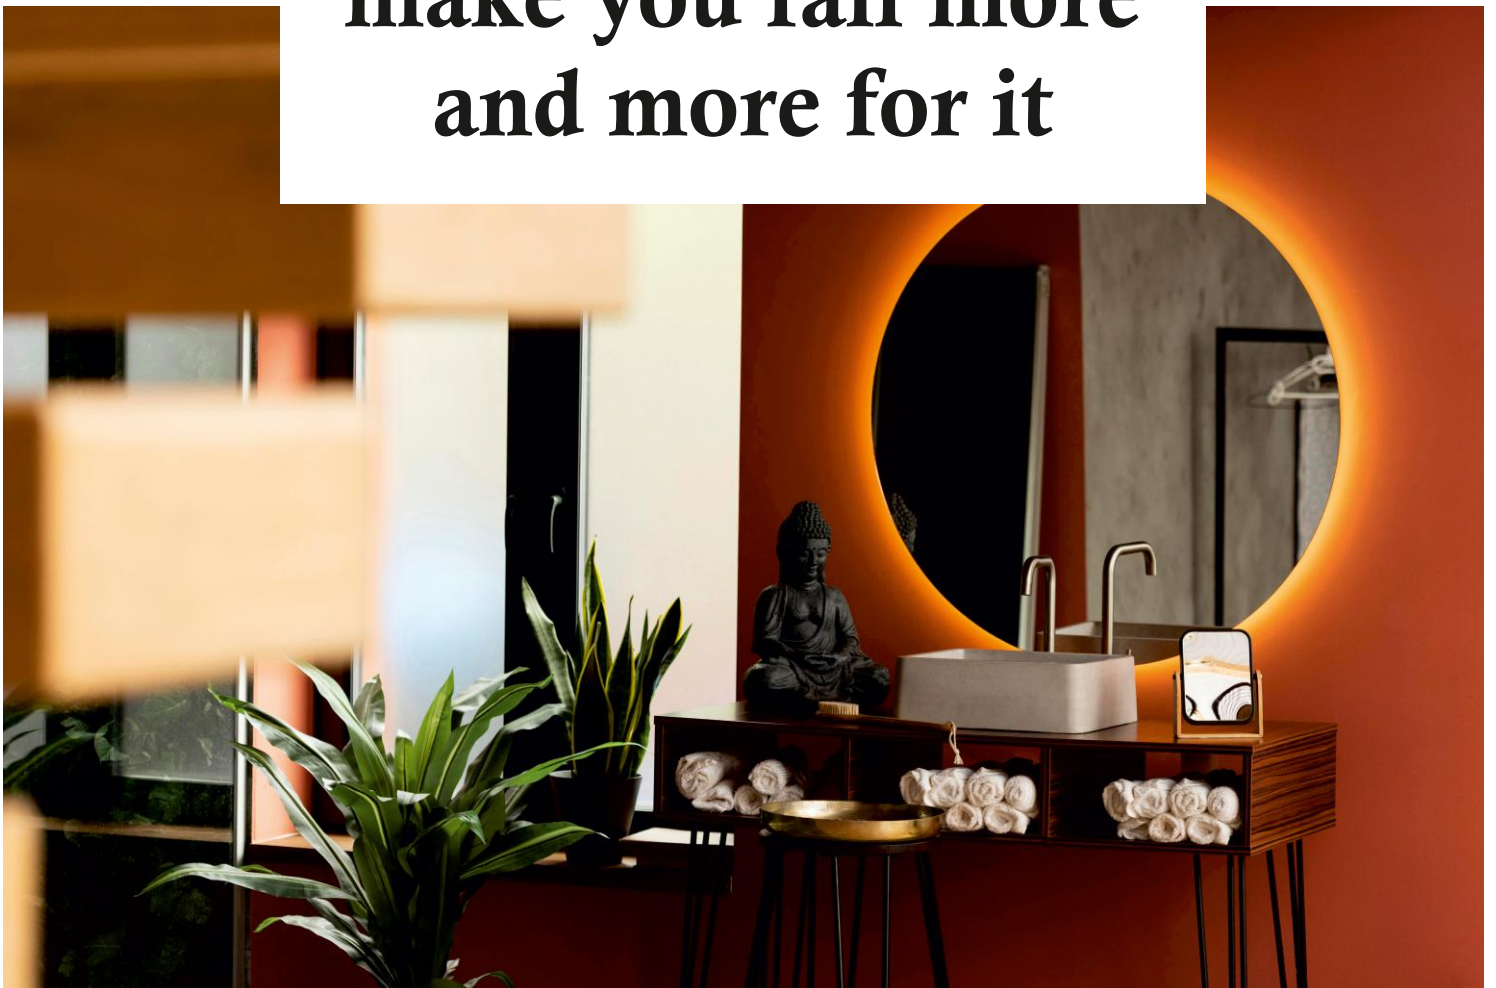

One of the unique features of Sole & Véro faucets is their use of premium materials, such as solid brass and stainless steel, which ensure durability and longevity. The brand also offers a range of finishes, including Rose gold, Gold with Matt black and Chrome

In addition to their impressive design and construction, Sole & Véro faucets are also engineered to be water-efficient, helping to reduce water waste and conserve resources. Many of their products feature aerators that mix air with water, producing a gentle flow while still maintaining pressure.

Sole & Véro offers a variety of faucet types, including single-handle, widespread, and wall-mounted options, each with their own unique style and functionality. Whether you are looking to update your bathroom or kitchen with a modern and luxurious faucet, Sole & Véro is a brand that is worth considering.

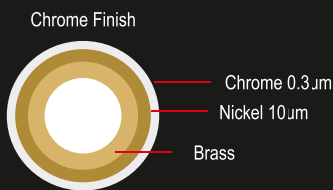

**Every feature will
make you fall more
and more for it**

SOLE & VERO 369™

We believe you deserve the only best.

CARTRIDGES

- The heart of every faucet the cartridge is responsible for controlling water supply.
- **SOLE & VERO 369** cartridges are 6 lacs cycle tested to give a longer and trouble free operating life up to 20 years (considering 60-70).
- Wide angle of lever provides ultra comfort and flawless, smooth operation.
- Our cartridge spindle is made of brass instead of plastic, to avoid breakage.
- Work smoothly even at high temperatures (85 degrees) and in various pressure conditions (0.5-b bar).

AERATORS

Devices that mix air with water to give high flow

- Our integrated **Honeycomb** Laminar structured aerator provides protection from lime buildup.
- The exquisitely designed aerators helps in decreasing over all water use.

CHROME FINISH

Upper shine protection layer provides a mirror finish to every faucet.

- High plating thickness (Nickel : 10 microns and Chrome : 0.3 microns) provides tolerance to extreme climate and water conditions.
